

**CAVANAGH SERVICES GROUP, INC.**

**PRESS RELEASE**

January 22, 2007

Salt Lake City, Utah

**“CAVANAGH UNVEILS A NEW AND IMPROVED WEBSITE”**

Cavanagh Services Group, Inc. is pleased to announce the launch of its new and improved website <http://www.cav-services.com>. We have redesigned this website to exhibit our expanded scope and vast capabilities, and to proudly represent Cavanagh’s approach to growing its business.

Cavanagh Services Group, Inc. provides many services in the environmental industry, not only is Cavanagh well known for its truck and rail transportation, equipment leasing, and disposal services, but Cavanagh now has expanded its scope and capabilities of providing life-cycle cost savings services to its customer with its project and logistics management services. Please take a look at the updated ‘Services’ section on the website to see in detail what we have to offer.

In the highly regulated field of waste management and environmental remediation, it is important for a company to understand and comply with all the necessary federal, state, and local laws. Cavanagh possess the necessary permits and licenses that ensure compliance with all appropriate regulations. The website lists all of Cavanagh’s current licenses and permits.

In addition to its Southeast Regional Office and Transload Facility in Oak Ridge TN, Cavanagh is an SBA certified 8(a)/SDB, Woman-Owned, HUBZone small business, and the corporate office is in Salt Lake City, UT. For additional information and to review and enjoy our informational new website please go to <http://www.cav-services.com> or call at (801) 532-2272 or (865) 241-4847.

Cavanagh would like to thank TALLSTEVE Interactive Media (<http://www.tallsteve.com>) for their work on our site, and we are very happy to share it with all of you.
