**PRESS RELEASE:
Salt Lake City, Utah**

March 15, 2005

“SUSAN P. RICE (CAVANAGH SERVICES GROUP, L.L.C.) NAMED 2005 UTAH SMALL BUSINESS PERSON OF THE YEAR”

On March 3, 2005 the U.S. Small Business Administration named Susan P. Rice, President of Cavanagh Services Group, L.L.C. the “2005 Utah Small Business Person of the Year”.

Ms. Rice will be recognized in Washington D.C. during the National Small Business Week of April 24-30, 2005 for her accomplishments as a highly effective business leader and proud owner and President of Cavanagh Services Group, L.L.C., a Woman-Owned Small Business based in Salt Lake City, Utah.

Since launching Cavanagh Services Group, LLC (“Cavanagh”) in 2002, Ms. Rice has overcome many risks including personally financing the growth of Cavanagh through acquisition of capital equipment and hiring and training new staff. Utilizing solid business planning and execution, Ms. Rice has grown Cavanagh by adding key personnel, advanced equipment, and turn-key transportation and disposal services.

Ms. Rice was selected from thousands of Utah small business professionals to receive the 2005 U.S. Small Business Administration award.

Cavanagh Services Group, L.L.C is a Woman-owned, HUBZone small business, that is well-positioned to manage work for the federal government and its contractors. As a viable and competitive small business, CSG is able to support large businesses and thereby help them to meet their small business contracting goals. Also, large businesses gain a significant advantage by teaming with Cavanagh on procurements that are specifically set-aside for small business. In 2004, Cavanagh doubled its overall staff to enhance customer service support, expanded its operations into Oak Ridge, Tennessee by opening a new office and transload facility, and increased its fleet of transportation equipment by 60%.

With its growth and expansion, Cavanagh is positioned to offer more turn-key options to their customers that would contribute substantial efficiencies and cost savings to their project budgets and schedules. By contracting with Cavanagh to provide the entire scope of packaging, transportation, and related disposal activities, companies can, in turn, focus on their specific project needs.
